

## PRODUCT BULLETIN

### Pentair® Fleck®

Cartridges | Housings | Industrial | Tanks | **Valves**

**Bulletin No:** 1030  
**Date:** April 29, 2022  
**Subject:** Pentair Fleck 5600SXT White End Plug

#### Description

Recently, our Brookfield, WI facility received Pentair Fleck 5600SXT control valves made in the Pisa, Italy manufacturing plant that use a white end plug rather than the green end plug generally seen on the product. Rest assured, the white end plug provides the same form, fit and function as the green end cap. This is purely an aesthetic difference. (Reference the images below)

#### Reason for Change

Due to increase in demand, Pentair has been leveraging its Pisa, Italy facility to assist in manufacturing Fleck 5600SXT control valves and other select, high-running part numbers.

Made in Italy  
White End Plug – 13243

Made in USA  
Green End Plug – 13243-40

#### Part Numbers Affected

- 560006-001
- 560006-003
- 560006-009

Thank you for choosing Pentair.

**Elizabeth Kelly-Goltz**
